Mail Stop-Non Fee Amendment

Sir:

This election is filed in response to the Restriction Requirement dated August 10, 2005. In the Restriction Requirement, the Examiner identified two distinct inventions. The Examiner required the applicant, under 35 U.S.C. § 121, to elect a single invention for prosecution. The two inventions identified by the Examiner are:

- I) Claims 1-17; Powder Dispenser
- II) Claims 18-20; Method of treating a toenail.

Pursuant to the Examiner's requirement, the applicant provisionally elects Group I, Claims 1-17, with traverse. Applicant submits that the identified groups are sufficiently related in nature such that a search of one group would necessarily cover the subject matter of the non- elected groups. It is understood that Group II will be withdrawn from prosecution. Applicant hereby reserves the right to file divisional applications on the subject matter of these claims.

An earlier examination and favorable action on claims are respectfully requested.

Respectfully submitted,

BRAD GOLDIZEN, P.C.
